MEMORANDUM FOR THE RECORD

Subsequent to a trip made to [redacted] (See Report dated 17 February 1960) an inventory of Agency-owned equipment was forwarded to the Contracting Officer. None of the equipment is presently being used to progress Agency work. The total dollar valuation of the property is $44,599.90. The Contractor offered $4,273.00 for the items.

The inventory was hand carried to [redacted] (OSI technical monitor) and to [redacted] (OC-E technical monitor). [redacted] also shopped the inventory list to the Material Support Branch and to the Supplemental Programs Division of Comso.

The undersigned also made every effort to recover all requisitions from the Supply Division that listed Government-furnished equipment which had been loaned to [redacted] since 1956. [redacted] of the Supply Division's Special Accounts Branch cooperated in this effort by acquiring all known copies of these requisitions.

Combined with the items that the Office of Comso/MSB and the Supplemental Programs Division were interested in acquiring, the items listed on the requisitions brought the total valuation to $28,503.18. These items will be returned to the Agency.

The bids amounting to $2,328.00 for the remaining $16,096.72 worth of equipment will be accepted.

Because of the sizeable amount of equipment to be returned, a problem may arise as to who is to pay the packing, crating, and shipping costs; however, at this time, it is my intention to write the Contractor accepting the bid and requesting more information concerning the cited costs.
